

Jubilee Corporate Community Service Award

Commercial Real Estate Women (CREW)

The Jubilee Support Alliance is proud to present the annual Corporate Community Service Award. This award was created to honor businesses that seek to build and improve relationships and conditions in their own communities.

This year, the Corporate Community Service is being presented to Commercial Real Estate Women (CREW). JSA is pleased to present CREW DC with this award in recognition of its long history of supporting the work of Jubilee both financially and through in-kind volunteer service. Jubilee was honored to be selected to receive proceeds from CREW DC's 25th Anniversary Gala.

The CREW DC membership is directly responsible for planning and implementing the Elf Store, an annual Holiday program that allows the children of Jubilee to shop for gifts for their families. Each year, CREW DC members donate cash, gifts and wrapping supplies to make this event possible. Members can also be counted on to participate in the annual Jubilee Gala. Whether it's the yearly fall-fix up day, Jubilee Work Day or the annual Holiday Wish List program, CREW DC members are always there to lend a hand.

Jubilee Support Alliance commends CREW DC for their commitment and dedication to community improvement.
